Hey, Geocacher! There are 20 numbered and coded geocaches on the EXPERIENCE CORTLAND GEOTOUR. Discover the byways and secret hideaways of Cortland County, located in the ♥ of New York State, on your quest to find hidden caches. Find 'em all and be recognized for your stealth. This year we are rewarding successful cachers with an extremely cool GeoTour Cap. The hat comes in two colors - distressed green or lemon meringue yellow.

Record the unique CVB code identified on each geocache log sheet onto your Experience Cortland GeoTour map. Return the completed form to the Cortland County Convention & Visitors Bureau for prize redemption. Good luck, Intrepid Traveler!
