DISCOVER THE PAST IN CORTLAND COUNTY

HISTORY

Cortland County has a rich history that dates back more than 200 years. From historic homes and monuments, the wire and Brockway Truck industry, and military history, we are proud of our traditions and cultural footprint.

1890 HOUSE MUSEUM

Be prepared to be transported to 19th century Cortland at the 1890 House Museum! Built for the late 19th-century inventor and industrialist Chester Wickwire, the home is a standing time capsule illuminating the life of the wealthy Wickwire family.

The impressive limestone mansion, located in the heart of downtown Cortland, **is listed on the National Register of Historic Places**. Designed in an eclectic, Chateausque-style, the inside of this lavish **30-room residence** showcases parquet floors, jewel-like stained glass windows, oak and cherry woodwork, and ornate decorative stenciling.

Chester Wickwire and his brother Theodore **invented a wire mesh** for window screens, wire fences and household items. As demand continued to grow for the products, the brothers **opened a large factory on South Main Street in Cortland** and became millionaires.

Wickwire products were used during the construction of the **Panama Canal** and **The Manhattan Project**—the world's first atomic bomb (which was dropped on Hiroshima in 1945)!

Today, the fully-furnished parlors and recreation rooms appear nearly untouched. The museum features restored period room settings, changing exhibitions and special programs and events.

As seen on SyFy Network's *Ghost Hunters*, the **1890 House Museum** has a long history... and ghosts! Voices and footsteps are heard, doors open and close on their own and silhouettes of human figures appear in the windows. The unexplained ghost activity is attributed to several historical figures who lived and died within the walls of Cortland's Castle.

CORTLAND RURAL CEMETERY

Established in 1853, this open-air museum is a beautiful 19th-century Victorian garden cemetery that sits on 50 acres and is the final resting place for 18,000 people.

A fine example of the rural cemetery (as a solution to the problem of overcrowding urban cemeteries), the Cortland Rural Cemetery is a carefully-planned garden cemetery with a deliberate focus on architectural and landscape design. Walk the cemetery with an interactive "cemetrail tour" and admire the beauty of the headstones and the diverse species of trees to discover those who helped shaped Cortland history.

Visitors may see the graves of the last Upstate Governor of New York, **Nathan Miller**; the graves of veterans of all American wars, including that of Brigadier-General Joseph Reynolds, who served in the War of 1812 and Colonel Andrew J. Grover, who died at Gettysburg; and the grave of Dr. Julia Spalding, who arrived in Cortland in 1883 as one of the nation's earliest women doctors.

THE CENTER FOR THE ARTS OF HOMER

Since its founding in 2005, the Center for the Arts of Homer has become one of the most prolific performing arts venues in Central New York.

The 140-year-old former Baptist church plays host to a diverse series main stage programs, while also housing a series of studios used for music and dance lessons, rehearsal spaces and an art gallery displaying work from local and regional artists.

The building's aesthetic has remained largely untouched from its church days. Stained glass windows line the walls and a former choir loft serves as a balcony. The altar was replaced with **a small stage in the 400-seat Whiting Theatre**, and has seen many renowned global, national, regional, and local acts, including: **Richie Havens, Butch Trucks, Rusted Root, Judy Collins, Arlo Guthrie, Tim Reynolds & TR3, Graham Nash, Leon Russell, Colin Hay, SpyroGyra, David Sedaris, Hot Tuna**, and other notable, emerging artists.

Be sure to arrive early to give yourself time to relax and enjoy the pre-concert experience! Mingle with friends, and enjoy food and drink specials at the bar prior to the show.

GREEK PEAK MOUNTAIN RESORT

Snow-covered peaks. Cozy fireplaces. Warmly-dressed skiers hitting the slopes. These are the images that typically come to mind when one thinks of a classic mountain resort. At Greek Peak Mountain Resort, there is no “off season.” Situated on more than 7,000 acres of state-protected forests in Virgil, just minutes from Interstate I-81, and 10 minutes south of Downtown Cortland, the resort packs a big, family-friendly adventure.

CORTLAND COUNTY'S WINTER WONDERLAND

Central and Upstate New York's largest ski resort was founded in 1958 and offers day and night skiing seven days a week from late December until mid March. The mountain sports 56 trails, six aerial lifts, two surface lifts, and terrain parks. Some recent additions to the facility include a new quad chairlift, new ski and board equipment in the rental shop, and state-of-the-art ski and board tuning facility. Greek Peak also has a great beginner area and offers lessons for all ages and every level of skier and boarder.

The Greek Peak Nordic Center boasts over 15 miles of gorgeous trails that are open to cross country skiers and snowshoers of all abilities. And, the ten-lane snow-tubing center has a lift to get you back to the top of the hill!

EXPERIENCE GREEK PEAK ALL YEAR-ROUND

The Nor'Easter Mountain Coaster is a state-of-the-art gravitational hybrid of an alpine slide and a roller coaster. Fly through the air on four dual zip lines, or test your strength, endurance and balance on the Team Challenge Ropes Course. Take a scenic ride on the Summer Chairlift Rides while watching mountain bikers whiz by below.

Conquer the Virgil Mountain Loop, a 4.7 mile hike that takes you to the highest point in Cortland County. If you're looking for something a little less taxing, take an evening stroll around the Town of Virgil's Hope Lake Park.

At Cascades Indoor Waterpark, the little ones can get in on the fun in the Toddler Activity Pool, while the adults experience Wave Pools and The Rapids slides. Let the kids dry off at the Starlight Arcade while the adults wrap up an adventure-filled day with a relaxing soak in the Hot Springs hot tub.

PLAY WHERE YOU STAY!

The “stay” portion of the equation at Greek Peak is **Hope Lake Lodge** where luxurious accommodations and panoramic vistas of Cortland County’s rolling hills and forests go hand-in-hand. The “green” hotel features 106 luxury condominium-style suites, as well as additional lodging in the form of mountainside condos, townhouses and single-family homes.

Hope Lake Lodge is more than just a place to sleep though. After a day of seeking exhilarating thrills on the mountain, take a minute to yourself and recharge at the world-class Waterfalls Spa, or try a seasonally-inspired cocktail or a local brewery’s draft at the Bobcat Lounge.

Worked up an appetite? The main property features Carvers Steakhouse, where you can indulge in homemade classics and chef-inspired creations, or if you don’t want to get off the mountain yet, slide over to **Trax Pub & Grill** to chow down (and warm up) with their wood-fired pizza or with a pint of beer on the heated outdoor deck.
